### BRITISH SHIP ESCAPES TWO TEUTON SEA RAIDERS

(Associated Press by U. S. Naval Communication Service)  
ATLANTIC PORT, August 21.—A British steamer which reached here yesterday reported that on its outward voyage it encountered a submarine and in the encounter struck the (boat with shells.  
On the return boat it encountered another but this time no shots were effective.

### TWO SERVICE AVIATORS PLUNGE TO DEATH

(Associated Press by U. S. Naval Communication Service)  
BUFFALO, N. Y., August 21.—While experimenting with smoke bombs yesterday afternoon the aeroplane in which were Charles Hall and Richard Mead took fire and the two aviators were precipitated to their death.  
Aviators Hall and Mead were training for service with the United States aero forces in France. In the course of their training they ascended yesterday for smoke bomb practice. In some way, which will probably never be known, their machine took fire. From the height to which they had ascended it was impossible to descend before the flames had made the machine helpless. They made the effort but suddenly it was seen the machine was out of control and a mass of flames, men and wreckage hurtled to the earth together.

### SHIPPING BOARD NEEDS BILLION DOLLARS MORE

(Associated Press by U. S. Naval Communication Service)  
WASHINGTON, D. C., August 21.—A billion dollars will probably be required within the next 18 months to meet the plans which were advanced by the shipping board yesterday. The estimates made by the old board have been increased by half a billion dollars for contracts to be awarded and the costs of commandeering the steamers required that are already constructed, and for the commandeering of shipyards of the country.  
Wilson's approval of the new plans will be asked for immediately and if obtained, as it is believed it will be, congress will be asked to make the necessary provisions at the present session.

### SOLDIERS NOT SLAVES, SAYS FEDERAL DECISION

WASHINGTON, D. C., Aug. 21.—Constitutionality of the registration and selective draft law was upheld in the federal court in a decision rendered by Federal Judge Spear at Montgomery, Georgia. This is the first test case that has been brought and in the claim was made that it took from the citizen his voluntary rights and made of him a slave.  
Soldiers are not slaves, the decision holds, and continues that on the contrary they are free, honored and honorable citizens in whom the nation takes pride and who may well be proud of rendering their services to the needs of the country.  
The department of justice said last night that the supreme court decision cited in the opinion of Judge Spear completely disposed of all claims that have been made against the constitutionality of the new law.

### U. S. ADMIRAL PREDICTS GREAT NAVAL BATTLE

ATLANTIC PORT, August 21.—Germany's submarine campaign is not effective and in the end this will become clear to the Kaiser and his war lords. Then they will send forth their naval fleets for the one great battle of the war. This is the opinion of Rear Admiral Hibbard, voiced here last night on his return from Europe where he has been on a special mission.  
"I do not believe that the Teuton submarine campaign is effective and I expect that it will be found still less effective as time goes on. This does not mean that the time for vigilance is over. On the contrary it is now serious enough to require unrelaxed and even increased vigilance on the part of the Allied nations."

### TO SELL HORSES DIRECT TO ARMY

WASHINGTON, D. C., July 27.—That the government may procure needed horses and mules for use in the army the secretary of war has authorized the quartermaster-general to purchase mature specification animals in the open market.  
This gives the farmer and breeder an opportunity to sell direct to the government and only responsible dealer, breeder or farmer who can supply one or more carloads of animals at a sanitary place, suitable for feeding, inspecting, branding and loading on cars, is invited to get in touch with army purchasing officers.  
The types of animals required are cavalry horses, light artillery horses, heavy artillery horses for siege batteries, wheel mules, lead mules and pack mules.  
It is realized that in the present emergency the greater percentage of the animals must necessarily be obtained through organized dealers who have the machinery for handling large numbers, but nevertheless purchasing boards in each of the four "remount zones," into which the country is divided, will be reserved to inspect animals offered by farmers and breeders in not less than carload lots.  
A bond of 5 per cent of the total consideration involved will be required by the government in contracts for the sale of more than 100 animals. In the case of contracts for 100 animals or less, to accommodate the farmer and breeder, no bond is required, but 5 per cent of the purchase price will be retained until purchases

### "TANKS" DO GOOD WORK

(Associated Press by U. S. Naval Communication Service)  
LONDON, Eng. Aug. 21.—The British tanks scored their most signal triumph on Sunday morning when they advanced across the German defenses along the Tynes-Poelcapelle road, east of St. Julien, and cleared up the entire district aimed at. Not a tank was damaged by the German shell fire and the infantry which followed in the wake of these grotesque land-monsters suffered only insignificant casualties.  
Practically all the infantry was called upon to do was to organize the prisoners and march them back to the British rear.

### U. P. MAN HEADS TRANSPORTATION BOARD

(Associated Press by U. S. Naval Communication Service)  
WASHINGTON, D. C., August 21.—Robert S. Lovett of the Union Pacific railway system was yesterday appointed to administer on priority shipments under the transportation law his first act he issued an order to the railroads that at all Lake Erie ports they shall give priority and preference to shipments of coal.

### ALLIES WILL EXCHANGE VIEWS ON POPE'S MOVE

(Associated Press by U. S. Naval Communication Service)  
WASHINGTON, D. C., Aug. 21.—Lord Cecil's remarks in parliament relative to a conference of the Allied nations to consider a reply to the peace proposals of the pope are understood by the state department to mean that there shall be an exchange of views, but not a meeting, and that such exchange of views may be expected to begin soon.  
Strong objections is voiced by the administration to the efforts being made by a part of the press to forecast a reply to the note.

### MANY PRISONERS TAKEN IN RUMANIAN RETREAT

(Associated Press by U. S. Naval Communication Service)  
NEW YORK, N. Y., August 21.—Only meager reports have been received from the Eastern front. From these it was apparent that in the Oltus and Trotus valleys the successes of the Teutons have not been checked. There the Rumanians are reported in retreat and Berlin claims to have taken 3500 prisoners and to have captured 30 machine guns.

### I. W. W.'S STRIKE THREAT BARREN OF RESULTS

(Associated Press by U. S. Naval Communication Service)  
SPOKANE, Wash., Aug. 21.—Monday has passed and the threatened great industrial strikes and tie-ups in seven states have not materialized. Eight harvest hands quit work in St. Johns, Wash., and this is the only concerted action taken in the promised I. W. W. strikes yesterday, so far as has been learned last night. The situation was quiet and less threatening and it is believed that the military arrests of the I. W. W. officers and leaders yesterday by the guardsmen of this state has been the desired effect.  
It is probable that Secretary Rowan of the I. W. W. may be arrested and court martialled on charges of treason for his remarks of Sunday night when he demanded the immediate release of the imprisoned "Wobblies" and threatened to call a general strike in Idaho if this were not done forthwith.  
No advice have been received here that the expected walkout of 40,000 trainmen and from St. Louis and San Francisco comes the news of the probable settlement of the street railway difficulties there. Reports from there last night said that the supervisors had unanimously instructed the utilities commission to inform the United Railways that the city and county of San Francisco was ready to enter on negotiations for the purchase of the system.  
Jesse W. Lilenthal said last night that besides avoiding labor troubles this plan would prove to be the solution of the city's transportation problem.

### FORMER REPRESENTATIVE DIES ON EAST HAWAII

Simeon K. Kahana, former member of the house of representatives from East Hawaii, died on August 20, at his home at Ponehawai, Hilo, Hawaii. Although he had been sick for some time, it was expected that he would recover.  
Kahana was a brother-in-law of John K. Kai, former county clerk of Hawaii. The widow and a number of children survive the deceased.
